### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The claims are allowable over the prior art of the record for at least the reason that the prior art fails to teach or suggest synchronization docking cradle comprising more than one expansion card connector which are configured to communicated data between an expansion card and the docking cradle, and also to couple with a rechargeable battery pack for recharging.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Examiner agrees with applicant's arguments that cited prior art references do not provide motivation for obviousness of combination of the known docking cradle comprising more than one expansion card slot with expansion card slot ability also to receive and recharge the battery pack.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael V Datskovskiy whose telephone number is (571) 272-2040. The examiner can normally be reached on 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn Feild can be reached on (571) 272-2092. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
